

Dear Friend:

Champlain Valley Chapter of Sweet Adelines will be having our annual show, *Weekend In New England*, on November 7, 2015. Along with our own chorus, we are proudly presenting as our featured act, local favorite, **Beartracks**, playing traditional country and blue grass music. Also highlighted will be Sweet Expectations, a chorus of young women who will be singing the a cappella music learned in an all-day workshop sponsored by our chorus.

Our chorus is one chapter of Sweet Adelines, a not-for-profit international organization dedicated to promoting the barbershop form of music through education and performances. We love singing four-part a cappella harmony and do many performances in the area throughout the year. At Christmas we traditionally present a musical Christmas card for the community at St. Peter's Church. Throughout the year we entertain at festivals, the hospital, nursing homes and churches and we are famous for delivering singing Valentines each February.

Please support our organization by purchasing an ad in our show program or by becoming a patron. Money raised will go toward the **Sweet Expectations workshop, educational programs for women of all ages and program expenses**. (Please respond by September 1)

Program ads may be purchased for:
